

Beaded Stars

Items needed (quantity per creation)

- 1m of beading wire (will change depending on size of beads)
- Pliers
- 48 x 1cm wooden beads (plastic beads will work also)

Instructions

1. Take six beads and thread them onto one end of the wire.
2. Thread the end of your wire back through the first bead and pull tight to make a circle.
3. Carefully keeping the circle as tight as possible wrap the short end of the wire to secure it.

4. Thread on five more beads and push them towards the circle. This is the start of the first arm.
5. Fold your wire back through the second bead from the top and pull it all in tightly.
6. Add another two beads and now go through the bead at the base of this arm. Pull it tight.
7. Go through the next available bead in the circle.
8. Repeat steps 4 - 7 until you have made all six arms.

9. After going through the last bead you will want to wind your wire around the center wire a few times to secure it, then trim off the excess wire. Keep the excess it can be used in the next step.
10. For the loop take your cut off wire and loop it through the top of one of the arms, twist it to close the loop and trim.
11. Fold the twisted part to the side and pull it into the top bead.
