Instructions

Santa's reindeer being lead by Rudolf to deliver all the Christmas gifts makes for a very cute card.

1. Fold your A5 card in half making an A6 card base.

2. Glue down the two larger googly eyes in the middle of the card. Around this, glue down the 16 smaller eyes in pairs so they look like a bunch of reindeer.

3. The middle pair of eyes will be Rudolf. Below his eyes glue on a red pom pom nose.
